EXPERIENCE

TRADING WEBSITE

Jan 2022 - Present | Haridwar, India

FOOD DELIVERY APP

- WORK AS FRONT-END N BACK-END DEVELOPER
- August 2022 – Sep 2022 |
 - I have worked as freelancer on trading website , I have build the website using Html n css n some back-end work all done in vs code .
 - Website contain a login page with the back-end of user's database that made by me .
 - It also contain a payment gateway for some particular classes. Only the users who subscribe are allowed to access these classes.

MADE THE APP FOR FOOD DELIVERY

- February 2023 – May 2023
 - App contain login option with the database of login user's and also a list of food items using recycle view.
 - App also contain a payment gateway and order number generate in database using BLOCKCHAIN.

PROJECT

PORTFOLIO WEBSITE | ABOUT ME

Jan 2021 – Jan 2021 | Haridwar

- Website link
- To be honest i would like to take you with my porfolio website . here you find about my latest project.

GAMING APP | MY FIRST STARTUP

- May 2023 – March 2023 | Haridwar
- App link
- So this is my first startup that it is also based on a gaming concept in which i organized some game option while playing them you can earn some money.

VIRTUAL MOUSE | MACHINE LEARNING

- August 2021 - September 2021
- The AI virtual mouse system is useful for most of the applications; it can be used to reduce the space for using the physical mouse, and it can be used in situations where we cannot use the physical mouse.

SOFT - SKILLS
